Black desert online maehwa gear guide free online games download

This skill is great for pulling mobs when you are leveling your character for the first time and is later used to inflict knockback CC in PvP using the Charged Stub Arrow extention. Enhancing a Bares Necklace is much cheaper than using an un-enhanced BiS necklace. for self[Level 60] BloomingAttack against monsters +30 for 8 sec. It has comparable stats to boss armor and also a very useful set effect that gives Damage Reduction and Hidden AP. If you can't do this then you will need to use Margoria Seafood instead of Kamasylvia Meal. If you are unable to get boss armor, then the Akum set is a good cheap alternative that will be good for both PvP and PV. It also recovers some HP and WP and has a down attack.Frost Pillars [SHIFT] + [F]This skill has front guard as long as it isn't used whilst on cooldown. Charged Stub Arrow (HOLD SHIFT) + (HOLD RMB) You can hold your horn bow auto attack (Shift + Right-Click) to fire a charged arrow. These are: Slice, Dragon Bite, Dragon Claw, Ultimate: Dragon Claw, Carver, Whirlwind Cut, Divider. The skill will make your character disappear whilst striking enemies. While not exactly built for taking hits, their mobility more than makes up for it by allowing them to dash around the battlefield. It makes a perfect backup for enhancing and is essentially a free TRI Tungrad Earring.BaseDUOTRI / THU / T / DUOTET / THU / TETTRI / TET7 AP9 AP10 / 11 / 8 11 AP10 / 13 / 12 AP15 / 9 AP16tem NameBase StatsEnhance IncreaseBares Necklace2 AP1 APJarete's EarringJarete Set4 AP4-Piece Set Bonus: Attack +56-Piece Set Bonus: Attack +10Accuracy 2Hidden Evasion 1Cannot be EnhancedAsula's Crimon Eye EarringAsula Set67 APHealth 253-Piece Set Bonus: Health +3005-Piece Set Bonus: Accuracy +20Cannot be EnhancedBlue Coral Earring4 APMax MP/WP/SP +25Accuracy 2Red Coral Earring2 APAccuracy 14Max Stamina +502 APAccuracy +4Witch's Earring Blue Whale Molar Earring5 APFugitive Khalik's Earring5 APMax Stamina +50Max MP/WP/SP +50Accuracy 22 APMax Stamina +20Max MP/WP/SP +20Accuracy 2Tungrade Earring7 APBlack Spirit Rage +10%Accuracy 2Capotia Earring13 APAccuracy 8Accuracy 1 (alternating)DP 1 (alternating)Black Distortion EarringRings:If available 1 recommend using the Asula's Crimon Eye Ring (Asula Set) if you are new to the game, this gives you 7 AP and 2 DP as well as damage reduction and strong set bonuses. The extra sword can only be used with certain skills. It is available at level 62 +only but is a very good earning because of it's high AP. I recommend using video guides to learn more complex skill combos, because it is much easier to see exactly what you should be doing, rather than reading it and trying to wrap your head around it all. They can then use their Solar Flair and grab when they notice a good opportunity to engage. Pinball Arcade While there are many pinball games out there to choose from, Pinball Arcade is special in that it attempts to recreate actual pinball machines so that you can play them from the comfort of your home. It can knockdown (in PVE only) and gives you a Critical Hit Rate +20% buff for 10 seconds, as well as HP recovery.Stigma [F]This skill quickly moves you backwards slightly then stabs once in front of you. Urugon's Shoes (shoes) - dropped from Urugon (Gaifnrasia Raid Captain Scroll). You may also want to use the Special Valencia Meal and Special Kamasylvia Meal so that it lasts 120 minutes. It's also much cheaper to enhance and repair max durability than the other options so if you don't have a lot of money or participate in a lot of PvP, then this weapon is a good alternative until you get Dandelion.Frosty Cloud KerispearThis weapon is a blue grade weapon which is given to you when you complete the awakening quests. Offin Tett can be good when you have certain AP broke and if your class doesn't depend on accuracy as much as others, but if you're unsure whether you should be using this weapon or not, it's much safer to just use Karkza. It will inflict a movement speed -20% debuff for 10 seconds as well on good hits. In 1v1 situations, Maehwa is considered to be average compared to other classes. Considering the rewards are fighting orcs in Mondor and protecting pigs from hungry hobbits in equal measure, the rewards are well-worth it. It will consume stamina and roll you in a chosen direction. That being said, Maehwa struggles against grab classes since they rely on their super armor dash a lot in PvP and a grab will go through this and usually result in their death. They also do well in most end game spots, such as Mirumok, Akkaman and Hystria, but they will go through potions very quickly and may need high weight limit and mads to grind in certain places for a long time. I would recommend using Shift and Q though because the other combo is easier to mix with others. There is also an extension to this skill called "Deep Sleep" which will add a bleed effect on hit but is not worth taking. Bhag's Gloves (gloves) - dropped from Bhag. The skill is taken automatically at level 1 but is generally useless and I recommend just locking it.Blunt Kick [SHIFT] + [F]This kick inflicts stiffness and also regenerates some WP but the skill has minimal damage and isn't useful for PvP or PVE. You can also swap out both of the Black Magic Crystal - Precision for Crystal of Elkarr (best in slot) instead but these are very costly and harder to obtain. I personally would not invest in a Liverto because it will just slow your progression. It will increase your melee attack by +1 for each rank and only costs 3 skill points so I would recommend putting points into this when you can. Force of the Sword Passive Force of the Sword is a passive that is automatically taken at level 1, giving you a permanent +5% critical hit rate buff. These crystals cost a significant amount of silver. In low end PVE, they are considered one of the fastest clearing classes because of their high mobility and burst. Dragon Bite [LMB] + [S] This skill has forward guard and will knock back enemies (PVE only) as well as stun them if it isn't used with Tiger Blade. You want to aim to get TRI as soon as possible and then work on your accessories. It also has a down attack and down smash.Flow: Tip of an Iceburg [F] after Frost PillarsThis skill can be used after Frost Pillars and has a forward guard. Otherwise use Bares Belt for 2 AP and swap to Tree Spirit Belt as soon as possible for more AP and high accuracy. Look to CC them at the end of their skills because they don't have lingering protection and can easily be caught out if you know when to attack. For example, (HOLD Q) means you hold Q until the next step. It does have a cooldown once used but can be ignored to deal less damage. More information about AP and DP brackets can be found hereFor PvP, it really depends. You will need to also use Elxir of Shock so that you have 5 crit. The skill is unprotected and often conflicts with other skills so it is highly recommended to just lock it. The skill will send a tornado out in front of you, knocking back targets on hit and inflicting floating. Once you reach over 261 AP (with Kutum) it is better to use the skill than to Kutar for PVE. for self[Level 60] StigmaCritical Hit Rate +20% and Melee Accuracy Rate +15% for 30 seconds. They are also more gear dependant than other classes for PvP, and need to get to the higher AP brackets to really shine, as well as being a very squishy class. Players engage in an epic battle to be the last one standing in a game of intense yet very combat fun and melee combat. It takes a long time to get to this stage, and there are lots of small improvements and other accessories you will use along the way, but this is ideally your end game build for PvP. Blind Thrust [SPACE] during certain situations This skill uses stamina and will restore your WP. The Maehwa is the female counterpart to the Musa. More information about AP and DP brackets can be found hereThe weapon gives pure AP and an all resistance +10% item effect and can be modified using an Inverted Hearth of Garmoth to give extra stats (Max HP +150, Max Stamina +100, Special Attack Evasion Rate +10%).Awakening Weapons: Sundo Kerispear This is a green grade weapon which is sold by some Blacksmiths/ARM dealers.
